ALEJANDRO AMARO MENDOZA

PROFILE

UI & product designer. From sketch to high-fidelity mockup: Figma, design systems, graphic production. I translate needs into clear, ergonomic user flows, including for users in field/on-site contexts. My background blends 3D and simulation environments since 2011, up to winning Best Technical Achievement at Global Game Jam 2026. Rigorous, autonomous and curious.

SKILLS

Design & UI/UX : Figma, interface design, design systems, wireframing, prototyping, high-fidelity mockups, graphic production, ergonomics, UX.

Création graphique : Photoshop, Illustrator, InDesign, brand identity, art direction.

Motion & vidéo : After Effects, Premiere Pro.

3D : Blender (modeling, environments, assets).

Web & intégration : HTML, CSS, WordPress, PrestaShop ; AI-assisted development; working knowledge of Git/GitHub.

Gestion de projet : Agile/Scrum basics, MoSCoW, Notion, team leadership, public speaking.

Langues : Spanish (native), French (C1), English (C1).

PROFESSIONAL EXPERIENCE

The Lucky Confetti, Strasbourg – Digital Communications & UI Designer

2022 – PRESENT

- Sole digital and technical resource for the company: e-commerce site, social media, IT support.
- Full management of a PrestaShop e-commerce site (maintenance, integration, content); resolved a critical module that an external service provider had failed to fix.
- Operational versatility: sales, order preparation, checkout, organization.

Somos Arte Ltda., Santiago, Chile – Co-Manager & Community Manager

2019 – 2021

- Co-founded and managed an art supply store (purchasing, inventory, sales development).
- Built and grew an online community of over 10,000 followers on Instagram.
- Managed the company's WordPress e-commerce site and created content.

Vente & relation client, Santiago, Chili – various roles

2013 – 2019

SIMPRO, La Havane , Cuba – 3D Artist

2009 – 2013

- 3D production for simulators (military and civilian), complex technical environments

EDUCATION

CCI Campus Alsace, Strasbourg – UI Designer (Concepteur Designer UI)

(Bachelor's level, RNCP Level6)

Title obtained, 2026.

KEY ACHIEVEMENTS

Keep Breathing : Global Game Jam 2026, winner of **Best Technical Achievement**.
3D artist and project lead: led the team (MoSCoW, Notion, regular check-ins), produced the 3D assets, presented to the jury.

BEDiZEN : Brand identity and UX/UI.

Built a brand from the ground up (research, high-contrast accessible identity, full style guide). Iterative UX approach: zoning, wireframes, prototype; user testing, identified usability issues in v1 and redesigned the interface in v2. Front-end development.

Spin App : UX/UI redesign of a payment application.

Diagnosed a counterproductive gamification mechanic and restructured the flow (Hook model); reduced friction and redesigned the identity to strengthen trust and retention.

Workpics App : Photo-capture app for on-site construction workers.

Full UI design (logo, interface, user flow); prioritized contrast, readability and hierarchy for fast use in field conditions
